

EDUCATION ERP

Coaching & Institute Management

Manage coaching batches, track inquiry leads, and share online study materials.

Executive Summary: Crafted specifically for tutorial centers, test prep institutes, and private academies. Keep a track of new batch registrations, schedule teachers, track student exam performances, send attendance notifications, and manage fee installments easily from a unified admin hub.

CORE KEY CAPABILITIES

- ✓ **Batch & Course Scheduling**
Group students into specific batches, assign mentors, and schedule calendars.
- ✓ **Inquiry Lead Roster**
Log phone inquiry leads, track counselor follow-ups, and log conversion states.
- ✓ **SMS/WhatsApp Alerts**
Broadcast class updates, homework links, and test scores directly to parents.
- ✓ **Study Material Locker**
Upload assignments, syllabus PDFs, and share mock papers securely.

ARCHITECTURE MODULES

Enquiry Leads CRM

Manage prospective student logs, set follow-up tasks, record conversion rates, and map counselor targets.

Batch & Calendar Scheduler

Create customized timetables, check classroom limits, and track faculty schedules.

Performance Analytics

Log student marks, track average improvement indexes, and print test report cards.
