

EDUCATION ERP

Fee Management Ledger

Set customized fee categories, collect payments online, and trigger auto-alerts for dues.

Executive Summary: Automate fee collections and student ledger logs. School administrators can customize structural categories, manage discounts, collect secure online payments, and trigger automatic reminders to parents about outstanding balances. Simplify finance reporting for educational institutions.

CORE KEY CAPABILITIES

- ✓ **Online Payments Gateway**
Allow card, UPI, or net banking collections with automated student account sync.
- ✓ **Custom Fee Schedules**
Define structures per class (e.g. Tuition fee, Transport fee, Lab fee) instantly.
- ✓ **Auto Receipts**
Email or print digitally signed PDF receipts immediately upon transaction success.
- ✓ **Dues Tracker & Reminders**
Auto-trigger SMS alerts to parents with pending dues links.

ARCHITECTURE MODULES

Fee Configuration Board

Set standard rates per class grade, design installment options, and allocate concession groups.

Collection Desk Terminal

Front-office counter interface for cash/check entries, partial payments, and immediate receipt printing.

Finance Accounting Reports

Ledgers tracking total collections, discount accounts, and pending fee logs filterable by class.
