

HEALTHCARE & SOCIAL

Matrimonial Software Portal

Launch your own matchmaking portal with smart algorithms, search filters, and profile security.

Executive Summary: Our premium Matrimonial Software provides a fully-equipped matchmaking engine designed for community portals and entrepreneurs. With robust profile validation, horoscope compatibility modules, real-time secure messaging, and flexible membership subscription plans, you can build a trusted, safe matchmaking network.

CORE KEY CAPABILITIES

- ✓ **Advanced Search & Filters**
Narrow down matches by religion, education, profession, location, and interests.
- ✓ **KYC & Profile Verification**
Upload and verify government IDs to ensure only authentic profiles go live.
- ✓ **Secure Personal Chat**
Allow matched members to chat safely without sharing personal phone numbers.
- ✓ **Horoscope Matching**
Automated Guna-Milan and astrological compatibility score calculators.

ARCHITECTURE MODULES

Member Dashboard

Personalized dashboard for seekers to update photos, define preferences, view compatibility percentages, and manage conversations.

Horoscope Engine

Calculates Guna-Milan using date, time, and coordinates of birth to rate match parameters.

Subscription & Admin Control

Manage user listings, review ID submissions, set up pricing plans, and check payment ledgers.
